### **LIFE RESOLUTIONS OPENS KEW PRACTICE**

Life Resolutions is opening a new counselling centre in Kew today (Monday 4th December) to cater for the growing demand of quality mental health services in the area.

Life Resolutions is a growing network of highly-regarded psychology practices located across Melbourne.

Director and Principal Psychologist of Life Resolutions Kew, Sheree Eyles, said that she is excited about her partnership with Life Resolutions and looks forward to providing the residents of Kew with quality counselling in a supportive and caring environment.

“Nearly everyone encounters difficulties at some point in their life involving family, personal relationships, or issues in the work place,” Ms Eyles said. “Counselling is an excellent tool to assist you in working through problems and to feel happier and more satisfied in yourself and in your relationships.”

Medicare now includes a rebate for psychology services which is great news for the residents of Kew. It means that if you have been referred for counselling by your GP, psychiatrist or paediatrician you will be eligible for a significant rebate from the government.

Ms. Eyles is also a specialist in organisational psychology. She offers organisations and businesses training to maximise their productivity, revenue and retention of valuable staff. Areas of training include stress management, communication skills, conflict resolution, dealing with difficult customers and work-life balance.

All Life Resolutions psychologists are highly experienced and fully registered. They are members of the Australian Psychological Society (APS) and abide by its ethical code and professional standards.
