Sheree Eyles Helps The Continued Growth of Life Resolutions

Life Resolutions is a well established network of psychology private practices synonymous with exceptional psychological and counselling services.

The company is demonstrating rapid growth, particularly with the introduction of its Business Associate Program.

The Business Associate Program enables psychologists to own and operate a successful private practice as part of a thriving brand and network.

The most recent psychologists to join **Life Resolutions'** Business Associate Program are Sheree Eyles of Life Resolutions Kew and Gary Rubin of Life Resolutions Caulfield.

In return, Business Associates, like Sheree and Gary, receive support from **Life Resolutions** in managing day to day operations and business, and attracting on-going new clients through localised advertising, marketing and public relations, managed by the company. **Life Resolutions'** central phone booking system and networked diaries also affords psychologists a simple way of obtaining new clients and of managing appointment schedules.

Along with the work of qualified, registered psychologists, like Sheree and Gary, this unique psychology business model improves the professionalism and profile of both **Life Resolutions** and the entire psychology industry in Australia.

For further information please contact principal psychologist and co-director, Mary Magalotti on (03) 9380 4444 or visit www.liferesolutions.com.au .
