ACCESS TO QUALITY COUNSELLING IN KNOX AREA WITH MEDICARE REBATES NOW AVAILABLE

Access to a better choice of high quality counselling services for Knox residents is now available with Medicare and private health rebates, following today's launch of a **Life Resolutions**[®] psychology practice at Knox City Shopping Centre.

Director and principal psychologist of **Life Resolutions**[®], Mary Magalotti, said the new practice is designed to meet the growing demand for quality mental health services in the area.

"The Knox practice, combined with the expertise of our registered psychologists, will provide local residents with a higher standard of mental health services," Ms Magalotti said.

"It will excel when it comes to quality and supportive consultations.

"At **Life Resolutions**[®] the client always comes first. All inquiries are answered promptly by our trained, professional and friendly people and there are minimal waiting periods for appointments due to long opening hours," she said.

Life Resolutions[®] has seen a spike in inquiries and appointments. Ms Magalotti noted that Medicare now includes a rebate for psychology services, which has made counselling more accessible.

"This is great news for residents in and around the Knox area, as they may be eligible for a significant rebate from the government if referred by their GP, psychiatrist or paediatrician," she said.

"Nearly everyone encounters difficulties at some point in their life involving personal, relationship, family or workplace issues.

"Counselling is an excellent tool to assist people in working through issues and enables them to feel happier and more satisfied in themselves and their relationships," Ms Magalotti said.

Life Resolutions[®] is a leading network of professional and caring psychology practices, serving local communities. All **Life Resolutions**[®] psychologists are highly experienced and fully registered. They are members of the Australian Psychological Society (APS) and abide by its ethical code and professional standards.
